Warned	0	Average Daily Ridership 1995-96	72
High School Graduates:		District Owned Operation	
High School Diplomas-Regular	19		
Other Completions*	0		

* Includes Certificates of Completion, State Diplomas and High School Equivalencies (age 19 & under)

Superintendent's Highlights

The 1997-98 school year brought great strides in the area of technology with the hiring of a full-time technology coordinator. The school district was the recipient of 20 computers from Stanford University. These made a wonderful addition to our elementary computer lab. All classrooms K-12 were connected to the Internet via a team Internet system.

The Reading Recovery program that began during the 1996-97 school year has shown great results in reading improvement. Our 4th grade class was selected to participate in the Albertson Math Grant program. Teachers and students have been very excited about the program and we are hoping to see some real improvement in the area of elementary math.

Progress Towards Meeting District Goals

1996-97 Goals	Progress
Completion of the elementary playground	Grass was planted and a new play area designed.
Continued improvement in the K-12 technology program	Full-time technology coordinator hired.
Improve student record keeping	Purchased SASI software system for student records
